ABOUT ME

Detailed oriented Front End Developer with more than 5 years experience working with HTML, CSS, Javascript. Highly adept at both independent and collaborative projects, with an emphasis on landing page and website development

EXPERIENCE

Frontend React Developer
Freelance
2022-2023
Mainly focus on frontend development for React applications and work with collaborative teams

Frontend Web Developer
Mediavine
2020-2022
Developed and maintained web applications. Implemented responsive design techniques to enhance user experience across various devices.

Senior Web Developer
I Concept Digital
2019 - 2020
Involved in high-value or government tender projects such as Education Malaysia (EMGS), KDU University (now UOWKDU), KL Summit 2019 and many more.

Junior Web developer
I Concept Digital
2017 - 2018
Using frameworks and technologies such as Bootstrap and WordPress, I work with designers to develop beautiful websites that also aim to solve the problems of startups and SME. I support the team by writing nice readable and reusable codes.
